PRODUCT SPECIFICATION UREA GRANULATED

Parameters	Typical
Appearance	Granules of white color or slightly colored without mechanical impurities
Mass portion of Nitrogen (N) on a dry basis, %, min	46,2
Mass portion of biuret, %, max.	1
The part of mass of moisture, determined by Fisher method, %, max	0,5
Granulometry, %:	
2 mm to 5 mm, min	95
below 1 mm, max	2
Static strength of the granules, MPa (kg/cm ²), min. or on 1 granule basis, N, (kgf), min.	7 (0,7)
Friability, %	100

The product is treated by anti-caking agent.

Guaranteed storage life – six month from the production date.

Shelf life – not limited.
